Thursday, June 22, 2017

An all-day event featuring a select group of industry experts who talk about emerging technologies that are changing the way things are done in the industry, plus an exhibit.

Come out to hear our presentation and visit Endress+Hauser's booth.

Endress+Hauser's presentation:**Industrial Internet of Things (IIOT) and Industry 4.0**

Instrumentation is becoming smarter and has more data available than ever before. Learn how this data and IIOT developments can be leveraged to enable predictive plant insights that improve up-time, product quality, efficiency and regulatory compliance.

Please note that attending the Round Table Talks is through invitation only. Attending the exhibit is free with your door registration so please **RSVP to isatoronto.org@gmail.com**. You will also be provided with a complimentary lunch ticket and 2 drink tickets for after the event. There are some great door prizes to be won but you have to be on-site to claim a prize if your name is called.
